Office Action Summary	Application No. 10/044,717	Applicant(s) MASSEY ET AL.	
	Examiner Javaid Nasri	Art Unit 2839	

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 13-15, 26 and 27 are rejected under 35 U.S.C. 102(b) as being anticipated by Mulholland et al.

Mulholland et al discloses a floating clip frame assembly (76, 77) for retaining at least a pair of connectors (1, 2), the frame assembly including inboard contact surfaces and a pair of opposing front and rear face contact surfaces disposed on exterior and outwardly facing portions of the frame assembly (see figure 8), the front and rear face contact surfaces restricting movement of the connectors in a direction along a connector longitudinal axis, the inboard contact surfaces restricting movement of the connectors in a plane that is perpendicular to the connector longitudinal axis, the frame assembly being formed by a discrete pair of opposing and inter-latching frame members, the frame members are identical, each one of the frame members include an undercut portion formed thereon, the undercut portions forming the front and rear contact surfaces, each one of the front and rear contact surfaces and inboard contact surfaces are capable of contacting a corresponding connector to achieve the restriction of movement, each one of the front and rear contact surfaces and inboard contact surfaces contact a corresponding connector to achieve the restriction of movement (see figure 8).

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 22-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- a) Claim 22 recites the limitation "the transverse member" in line 2. There is insufficient antecedent basis for this limitation in the claim.
- b) Claim 22 recites the limitation "the side members" in line 2. There is insufficient antecedent basis for this limitation in the claim.
- c) Claim 23 recites the limitation "the side members" in line 3. There is insufficient antecedent basis for this limitation in the claim.
- d) Claim 25 recites the limitation "the transverse member" in line 2. There is insufficient antecedent basis for this limitation in the claim.
- e) Claim 25 recites the limitation "the side members" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

5. Claims 1-12, 16-21 are allowed.

6. Claims 22-25 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

REASONS FOR ALLOWANCE

7. The following is an examiner's statement of reasons for allowance:

The reason for allowance of the claims is the inclusion of the limitation,

- a) For claims 1 and 16, see applicant's comments.
- b) For claim 23, at least one of the frame members includes a front undercut portion having a longitudinal dimension smaller than that of the side members, the front face contact surface being disposed on the front undercut portion, in combination with other limitations in the claim which is not found in the prior art reference of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

Art Unit: 2839

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
